

The Versatile Digital Compass & Digital Map Measurer is an incredibly well equipped navigation tool designed to help you locate and reach your destination in the shortest possible time.

The Versatile Digital Compass contains many exciting and innovative features and is specially designed to detect, record and rectify the discrepancy of measurements arising from magnetic interference.

Unlike other map measurers, the Digital Map Measurer can be used on any maps including both land and sea maps.  
 - Standard units for **Representative Fraction**: km, miles and nautical miles.  
 - Units for setting the **Linear Scales** by an actual distance: km, m, miles and feet (suitable for street maps)  
 - The device can also measure actual distances in cm, mm, m, inches and feet in the Ruler Function.  
 Precision of the measuring increment has been engineered down to 0.25mm / 0.01 inch.

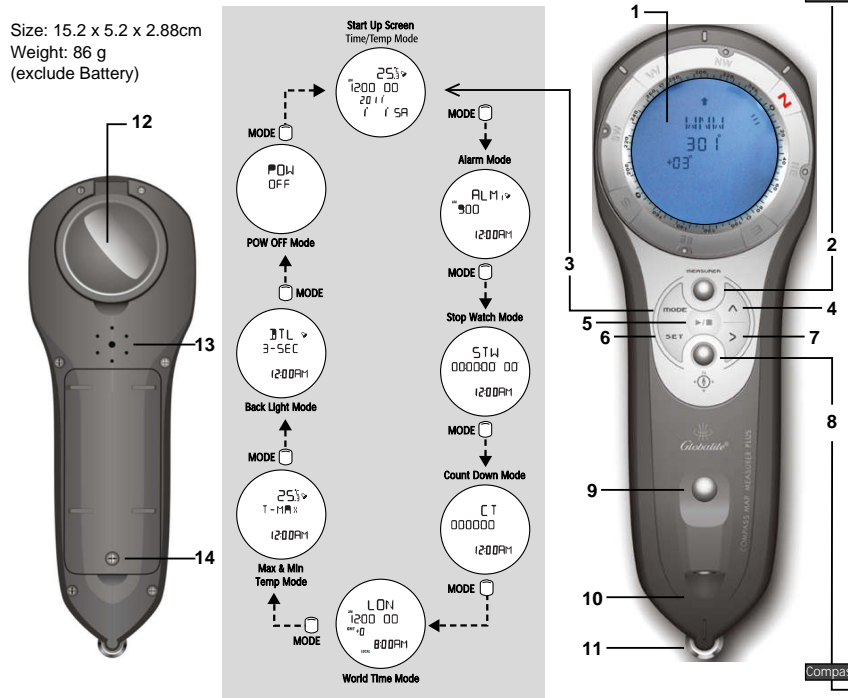

Comprising handy features such as alarm and sport clock functionalities the Versatile Digital Compass & Digital Map Measurer can be used in the fields of education, sport activities, indoor office environments and for Chinese Feng Shui purposes. The Digital Compass & Digital Map Measurer is able to be used inside vehicles, boats and buildings.

We believe the Versatile Digital Compass & Digital Map Measurer can enhance your experiences and inspire new ways to facilitate your applications.

Thank you for purchasing the Versatile Digital Compass & Digital Map Measurer.

## PRODUCT OVERVIEW

Size: 15.2 x 5.2 x 2.88cm  
 Weight: 86 g  
 (exclude Battery)

| 4. <b>(SELECT)</b>          | 9. <b>TORCH / BACKLIGHT</b> | 14. BATTERY COMPARTMENT (2XAA) |
| 5. <b>START / STOP / ON</b> | 10. REFERENCE LINE          | 15. EXTERNAL PORT              |

The important functions are:

### Digital Navigation Compass

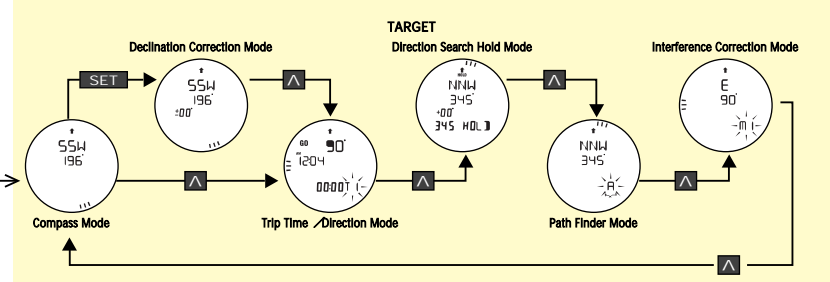

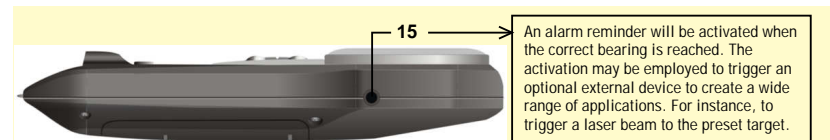

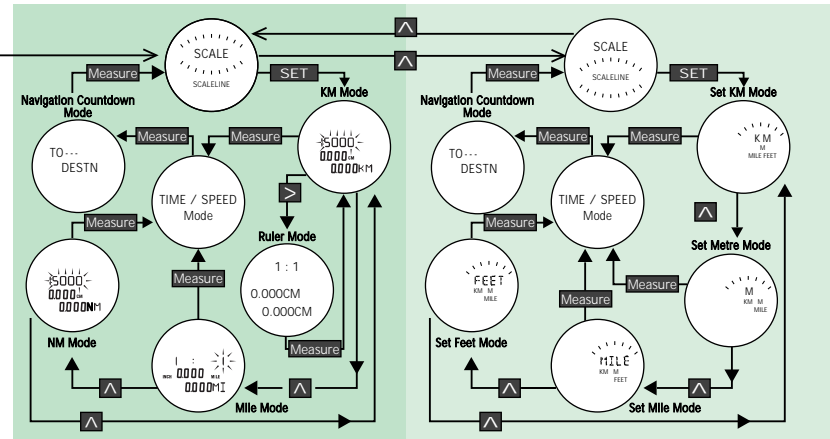

- Declination Correction Mode
- Trip Time & Direction Mode
- Target Direction Search Hold Mode
- Path Finder Mode
- Interference Correction Mode

### Digital Map Measurer

- Scale Mode  
 [For standard map scales] (km, miles and nautical miles)  
 - Ruler Function (cm, mm, m, inches and feet)
- Scale Line Mode  
 [Suitable for street maps] (km, m, miles and feet)
- Time / Speed Mode
- Navigation Count Down Mode

### Others

- Time / Temp
- Alarm (5 alarm times)
- Stop Watch (5 split time records)
- Count Down Timer (5 Settings)
- World Time (47 Time Zones with Winter / Summer-day light saving)
- 24 Hours Max & Min Temp Display
- Back Light Time Setting (3 seconds - 15 minutes)
- Power Off Setting
- Torch / Backlight
- Magnifier

Please read the instructions to get the most out of your purchase and keep this handy for future reference.
